

01 FORMATION

Self-taught career change, late 2018 to late 2020

- HTML/CSS/JS → jQuery → React → Next.js → TypeScript (+ Git, CMS, GraphQL, Node.js ...)
- Video courses, OpenClassrooms, articles and official documentation.
- Learning by doing: inspecting example repos and templates, iterating over and over.

02 EXPERIENCE

Independent · Full-Stack Developer Rouen, France 2025 to today

A jump into the agentic world. Tools and services built for humans and AI agents alike.

- Developing and delegating tasks to custom AI agents (local or VPS)
- Generating tailor-made automated workflows with AI (MCP n8n)
- Bridging agents and services with custom MCP servers and custom skills + CLIs
- Contributing to the agentic economy under the x402 payment protocol

Ulule · Full-Stack Developer Paris, France 2021 to 2025

France's leading crowdfunding platform, in a team of 8 developers.

- Introduced the Next.js stack to the team (CMS + Next.js + GraphQL)
- Designed and delivered the BienOuBien marketplace (Ulule/MAIF collaboration)
- Migrated the Django CMS backoffice to a React interface
- Ongoing site modernization during maintenance/migration
